1st IN PERSON MIDPOINT MEETING
AGENDA

Brașov (Romania), March 13–14th, 2026

BicyclE SAFEty for Mobility and Active Riding in Smart Cities

UNITA Starting Grant DT

1ST IN PERSON MEETING AGENDA

March 13th

09:30 – 11:00 | Session I: Results & Ongoing Execution (Tasks 1, 2 & 3)

Focus on the first 6 months of the project.

Welcome message (UniTBV) (15 min)

Project status (UBI) (15 min)

Task 1 (UBI) (15 min)

Presentation of risk maps and ML-based predictive models (on-going) for bicycle accident severity. Update on the Master's dissertation integration.

Task 2 (UniTBV) (15 min)

Analysis of the psychological survey results, specifically risk profiles and cyclist motivation.

Task 3 (UPNA) (15 min)

Presentation of the Task 3 deployment strategy: Review of sensor installation protocols and inquiry into the status of real-time data collection regarding braking/acceleration patterns and V2X testing.

11:00 – 11:30 | Coffe-break

1ST IN PERSON MEETING AGENDA

March 13th

11:30 – 13:00 | Session II: Integration & Simulation (Task 4 & 5)

Strategy for multidisciplinary simulation.

Data Fusion (all)

Discussion on integrating Task 1–3 outputs into the unified framework for risk assessment.

Simulation Architecture (all)

Sketching the SUMO-Veins-PLEXE tool to integrate sensing, communication, and road infrastructure redesign.

Validation Planning (all)

Setting the parameters for the small-scale pilot-controlled laboratory testing (Task 5).

13:00 – 14:30 Lunch

14:30 – 16:00 | Session III: Education & Dissemination Activities

Drafting the consortium's academic output.

- **Conference/Congress paper**

..\..\..\..\..\0. Artigos\Congressos\2026_ETC_Porto\BE-SAFE\Abstract_ETC2026_BE-SAFE_final.docx

1ST IN PERSON MEETING AGENDA

March 13th

- **Workshop Integration**

Proposal to integrate "Workshop 1: Introduction to GeoAI in GIS – Cyclist Safety" from the GeoIA-EPIC (UBI) Pedagogical Practice Community into BE-SAFE educational activities.

- **Other Workshops**

Proposals.

- **BIP Erasmus+ 2027-2028**

Preliminary discussion regarding the possibility of organizing a joint Blended Intensive Programme.

- **Project Communication**

Brainstorming and initial requirements for a Project Dissemination Microsite.

- **Article Structure**

Definition of authorship and core findings for the open-access publication.

16:00 – 16:30 | Coffe-break

16:30 – 17:30 | Session IV: Project Continuity & Funding Calls & New Partners

- **Continuity and Calls**

Program / Call	Focus Area	Targeted Submission Window and Budget by project
UNITA Advancing Grants	Scaling the BE-SAFE framework to other universities within the UNITA alliance.	March 2nd to April 17th Máx. 10000 €/ partnher
Erasmus+ **(Cooperation Partnerships)**	Development of academic curricula and training modules for "Smart City Safety Planners" based on Task 5 guidelines.	March 2026 & March 2027
EIT Urban Mobility **(Innovation)**	Municipal pilot testing of the V2X and sensor hardware strategy developed in Task 3.	April – June 2026
Horizon Europe **(Cluster 5: Climate, Energy & Mobility)**	Large-scale integration of the unified risk framework (Task 5) into European "Mission Cities".	September – October 2026
EU City Facility / URBACT	Implementing the physical infrastructure interventions designed during the Task 4 simulations.	Early – Mid 2027

1ST IN PERSON MEETING AGENDA

March 13th

- **New partners**

Partner	Contact Person	Research field
University of Pau and Pays de l'Adour (France)	Christian Sallaberry christian.sallaberry@univ-pau.fr	Computer Science
Haute École Spécialisée de Suisse Occidentale · HES-SO (Switzerland)	Gianluca Rizzo gianluca.rizzo@hevs.ch	Computer Science
...	...	...

March 14th

8:30 – 12:00 | Session III Infrastructure Grants, Pilot Location, Cultural Program

8:30 – 9:30 Meeting: Evaluation of the Call for UNITA Infrastructure Grants.

Pilot analysis of selected urban locations.

10:00 Visit to the Bran Castle.

12:00 Lunch

WORK IN PROGRESS
